Location: Library, Community Room

16th Thursday, 7:30PM: "Tanzania: the people, the wildlife & the landscapes"
Speaker: Roni Chastain

President's Letter

The Great Neck Camera Club continues to survive despite the once-again decline in membership, coupled with the poor attendance at our meetings. The club has existed for almost 60 years and is likely to continue further. However, unless we get better representation at our various meetings, it will clearly not be the same as in past years. We used to have four meetings a month, now only two. We used to enjoy 30-40 people at our meetings, now less than half that show up. We used to have educational seminars and field trips but interest waned for both and we do little if any of those things at all. For whatever reasons, be it age, ethnic diversity, or just lack of interest, the Great Neck Camera Club is facing an important juncture in its history.

Your Board of Directors has tried to put together interesting and informative programs for the membership, but rarely do we get a sizeable enough crowd to truly appreciate them. Our largest attendance seems to be competitions, where we tend to get members who submit photos yet do not come to the presentations we set up.

The administration of this club, over the past three years, has worked hard to provide our members with presentations of interest and information. It is the responsibility of members to come to these events. If we can get just a few more attendees at these meetings, it would be a true positive. However, if we continue to see a lackluster response to our meetings, the club, over time, will go the route of other clubs and disappear. I would, personally, hate to see that. Please take a moment of your time and email me with any ideas or thoughts you may have that would increase the interest of our members.
